

HandiHoist

**HandiHoist with Truss Carrier
Mounted on 200 Lb. Track**

**HandiHoist with Platform
on 400 Lb. Track**

HandiHoist

The rugged RGC® HandiHoist is the dependable, economical, safe and environmentally friendly choice for your lifting requirements. Its steel frame provides exceptional durability and easily mounts to RGC track with two locking pins.

The portable HandiHoist can be mounted on track lengths of 12 ft. to 44 ft. and will fit 200 lb. or 400 lb. capacity track sections. A large cable drum, 24 in. handwheel and 3.5:1 gear ratio ensure easy lifting. Each HandiHoist winch is equipped with a friction disc brake that allows the operator to control the ascent and decent of the lifting platform.

HandiHoists are OSHA compliant and ideal for commercial or residential roofing, HVAC and construction jobs. Many accessories are available to increase productivity. The Truss Carrier is the right option for lifting solar panels.

HandiHoist Features & Benefits

- ▶ Low cost makes the HandiHoist the most affordable solution for occasional lifting needs.
- ▶ OSHA compliant.
- ▶ Economically saves time and labor.
- ▶ It is easily transported.
- ▶ Dual anchor points on the 3rd and 5th track cross ties add to the system's stability.
- ▶ The durable steel frame protects the HandiHoist winch.
- ▶ A 24 in. handwheel, large cable drum and 3.5:1 gear ratio winch provide easy manual operation.
- ▶ Each unit has a friction disc brake.
- ▶ The operator controls the ascent and decent of the lifting platform.
- ▶ Extremely versatile.
- ▶ Fits RGC 200 lb. and 400 lb. capacity Platform Hoist track from 12 ft. to 44 ft. high.
- ▶ Quick and easy assembly without special tools.
- ▶ Increase productivity by adding one of these accessories to your HandiHoist: Truss Carrier, Plywood Carrier, Roller Angle Guide, Gravel Hopper and Telescope Support.
