Roller Beacher Systems

BR1750 Roller Beacher with optional 30 in. Handwheel and Track Supports

RGC Advantage

The RGC BR1750 Roller Beacher System combines the physical strength of quality marine grade aluminum with the engineering expertise of the most experienced boat lift manufacturer in the industry.

Roller Beachers protect your watercraft from damaging wave action, floating debris, weeds, algae and zebra mussels.

Additional track with rollers is available for up to 36 ft. overall track length.

Features & Benefits

- ▶ 1750 lb. capacity system is available to fit a variety of PWCs and small boats.
- ▶ Lightweight aluminum make the BR1750 very portable.
- ▶ Durable, non-corrosive rollers adjust to watercraft's hull for a custom fit.
- ▶ Corrosion resistant stainless steel hardware.
- ▶ Adjustable track width.
- ▶ The K1051 winch is equipped with a brake, comfort grip handle and 41 ft. of wire rope.
- ▶ Assembly is quick and easy with basic hand tools.
- ▶ 15 year limited warranty on aluminum materials and workmanship for fresh water applications.

Applications

- ▶ Secures your boat or PWC when not in use.
- ▶ Safely stores your watercraft on rocky, sandy or grassy shores.
- ▶ Designed for both gradual and steep slope applications.
- ▶ Ideal for waterfront properties with restrictive building ordinances.

Accessories

- ▶ Extra track with rollers
- ▶ 30 in. Handwheel
- ▶ Track Supports
